

**DOCTOR WHO VS DONALD TRUMP:
THE ORANGE MENACE**

by David Agnew

The stage is empty with the exception of a TARDIS console. THE TWELFTH DOCTOR and CLARA enter in the midst of discussion.

TWELVE

But seriously, why “Rogue One”?

CLARA

Um...because I love Star Wars? And Darth Vader is back? Hello?

TWELVE

I wanted to relax in the Eye of Harmony for a while.

CLARA

So – drop me off, spend a week in the Eye of Harmony, then come back to two and a half hours from when you dropped me off!

TWELVE

But I wanted to see the Eye of Harmony with YOU.

CLARA

Well, to be honest, I wanted to watch Rogue One with you.

TWELVE considers.

TWELVE

All right. We’ll see the movie, then go to the most relaxing place in the universe. But you’re getting your own popcorn. When did Rogue One come out?

CLARA

December of 2016.

TWELVE

Right. Why don’t we give it a few weeks? I prefer to avoid the initial crowds. Lots of children with their NOISE. Let’s make it late January at... Laemmle’s NoHo 7.

CLARA

NoHo?

TWELVE
North Hollywood.

CLARA
Wow, so we're going to Hollywood, USA?
Just like, the northern part of Hollywood?

TWELVE
Yeah...it's...totally the same.

CLARA
Well I'm excited! Will I see any celebrities in
Northern Hollywood?

TWELVE
Maybe...if they're very unlucky.

The lights start to fade in and out as the unmistakable sound of the TARDIS arriving fills our ears. The lights go completely out, and when they come back up our heroes step out of the Police Box. They are instantly horrified. They put their arms up to shield the horror in front of them.

CLARA
Are you sure you got the right time coordinates?

TWELVE
Yes. This is North Hollywood, California on Monday,
January 23rd, 2017.

CLARA
But it's just...fire, and dirt...
Packs of wild dogs!

TWELVE
This is wrong. This timeline's been altered.

CLARA
How can we fix it?

TWELVE
Pick a number from 1 to 100.

CLARA
Uh...lucky 13?

TWELVE

Right. We'll start going back in 13 month increments until we narrow down the cause of all of this. Back to the TARDIS.

They run to the TARDIS, which takes off and then lands again. They step back out carefully. A madman runs out frantically. He is dressed in tatters and is wearing a sign that says "THE END IS NEAR". He runs up to TWELVE.

MADMAN

Destruction! Hellfire and brimstone! Repent!!

CLARA

Doctor, we haven't gone back far enough!

The Madman walks off.

TWELVE

Eh...that's about right. North Hollywood - 2015. Everything here seems on track. We need to go forward. We'll split the difference and go ahead six and a half months.

They begin to walk back to the TARDIS, but are interrupted by boisterous laughter coming from across the stage.

Enter THE FOURTH DOCTOR and ROMANA II.

FOUR

And I told him, "No, feel free to leave the Union. There'll be no repercussions whatsoever."

ROMANA

Why would you say such a horrible thing?

FOUR

Relax, Romana. I'm pretty sure he knew I was being sarcastic.

TWELVE calls out and approaches FOUR.

TWELVE

Oh, look what the cat dragged in. Good thing you have that scarf! Southern California is known for its sub-zero temperatures.

FOUR

I say, you're terribly rude, aren't you?

TWELVE

I prefer "To The Point".

FOUR

Look at you! You know, I used to dress in a very similar style as him...then I grew up.

TWELVE

I'm afraid I've got you beat on that end.

CLARA

Doctor, is that - you?

TWELVE

From a long, long time ago.

CLARA

How long?

TWELVE

For me? Centuries upon centuries.
For you? About 35-40 years.

FOUR

You're saying that you're...The Doctor?

TWELVE

Indeed.

FOUR

Which incarnation?

TWELVE

It's complicated.

FOUR

Complicated? I've regenerated three times, therefore I'm the Fourth Doctor.
It's very simple.

TWELVE

It's really not. But I'm going with "TWELVE".

ROMANA

Doctor, you're going to have to take him
at his word. He can't tell you too much about
your future.

FOUR

Of course.

Four puts his index finger to his lips.

FOUR

Shhh. Ssssssssssecrets of the future.

TWELVE

Exactly. Secrets of the future. Now what are you
doing here?

ROMANA

I wanted to see Star Wars: Episode VII.

TWELVE

What is it with you people?

FOUR

So I brought us to opening weekend. I love the crowds –
and the children, with their laughter!
And what are YOU doing here?

TWELVE

I'm doing a spot check. Sometime between now
and thirteen months in the future, this city, country,
and likely the world is laid waste.

ROMANA

(to Four)

I TOLD you not to joke around about Brexit
with the Prime Minister!

TWELVE

This isn't Brexit. It's something worse, but
I don't know what yet.

CLARA

Why don't we see what's in the news?

TWELVE

Bring up your phone.

Clara brings up her smart phone.

CLARA

CNN's top headline is..."Donald Trump Takes Commanding
Lead In Republican Primary".

They all take this in.

CLARA

The reality show guy?

ROMANA

The real estate man?

FOUR

A lot has changed since our time, Romana.
I'm sure Mr. Trump has expanded his businesses
and become extremely successful.

TWELVE

If you count going bankrupt.

CLARA

Four times.

ROMANA

But why is he popular with so many
Americans?

TWELVE

Well, he had a reality show.

FOUR

What is a...reality show?

TWELVE

I used to figuratively say that reality shows were
the beginning of the end of civilization. Turns out,
it may have been literal.

CLARA

There's a video of one of his speeches.

TWELVE

Let's see it.

TWELVE sonics the phone, then points it to the back wall, where we are treated to a video of Donald Trump at a rally.

TRUMP

People of Earth - specifically, the United States of America – please attend carefully. I'm here to tell you that this country can be the greatest country in the history of everything and I'm the man to make that happen. I'm going to work with the jobs people and make sure that everybody has amazing jobs. I'm going to work with the money people and make sure that everybody has a lot of money. I'm going to talk to the terrorism people, and those people are going to want to stop being terrorists. They're really terrific people if you just sit down and talk with them.

And that's just the beginning of how I'm going to Make America Great Again. I will not be taking any questions, thank you.

TWELVE shuts off the video feed with his sonic and they consider what they just saw.

CLARA

So...what did he just say?

FOUR

Nothing. He didn't say anything at all.

TWELVE

It was like he just opened his mouth and all that came out was hot air.

ROMANA

I think we know what happens to lay waste in the future you were talking about.

TWELVE

What's that?

ROMANA

Well...Donald Trump becomes president,
Right?

FOUR AND TWELVE

NO, NO!

TWELVE

Donald Trump does not become President
of the United States.

ROMANA

But you just saw the video. He's practically the Republican
nominee. And you said something happens between
now and thirteen months in the future. That's
the election. I'm telling you, Trump wins.

TWELVE turns to Clara.

TWELVE

Bring up a search on election night
November 8th, 2016.

CLARA

I can't search the future on my phone.

TWELVE grabs her phone and zaps it with the sonic. He types briefly, then zaps
another video to the wall. In the video are two CNN anchors. They speak their words
as if they are in shock. They're terrified of the words they are speaking.

LIZ DEVONSHIRE

Ladies and Gentlemen, it's official. Defying the polls
which had him facing staggering defeat, Donald Trump
has been elected as the next President of the United States.

KURT STONE

In a stunning display that recalls the sharply divisive
2000 election, the final electoral votes were 266 to 271, and
once again it came down to the state of Florida.

LIZ

Were getting the numbers in, and astonishingly, [she looks to
an off-screen producer] is this confirmed?

Liz waits for an answer. She apparently gets it, and quickly shakes her head in
amazement.

LIZ
It has been confirmed
that the vote total from Florida was 2,912,790 to 2,912,789.
The state of Florida, and therefore the Presidency itself, was
decided... by one vote.

They both sit in shock for a minute. An off screen voice calls out to Kurt. Kurt comes out of his daze and turns to the camera, then to Liz.

KURT
I don't feel so good.

Liz focuses on her earpiece for a moment.

LIZ
We're getting word that President-Elect Donald –

She quickly stops herself, as if she was going to throw up. She tries again.

LIZ
President-Elect Donald Trump is ready to
give his acceptance speech.

Their news feed cuts to the empty podium with American flags in the background. Trump approaches to wild applause. He starts to chuckle - first subtly, then it grows into maniacal laughter.

Twelve turns off the video. They sit stunned for several moments.

TWELVE
Clearly, something's gone awry.

FOUR
We need to fix this.

ROMANA
But how?

TWELVE
I think I should go visit Donald Trump as a
little boy and –

FOUR
Kill him, yes.

TWELVE

What? When did you get so cutthroat?

FOUR

I missed out on a similar opportunity.

TWELVE

Don't be so pedantic. I'll go to him when he's a small child and teach him the meaning of humility.

FOUR

That's just ridiculous.

CLARA

It really does nothing.

FOUR

I mean, definitely go back to visit him as a child, but first you find a board that has a nail in it –

ROMANA

Doctor! Honestly! The solution is simple. Trump wins Florida – and therefore the election – by the count of one. We go to Florida the day before the election and convince somebody to switch their vote.

CLARA

That's it!

TWELVE

Brilliant, Romana! We'll take my TARDIS.

They all head towards the TARDIS except for FOUR, who is straggling and searching for something.

FOUR

Sure, yes, that's fine. It's just...this seems like it's the kind of place that would have a board lying around.

Romana pulls him along.

ROMANA

Come ON, Doctor.

FOUR
Of course, yes...yes.

The group appears in the TARDIS again. Four looks around.

FOUR
I see you've redecorated. It's...very nice.

TWELVE
Thank you.

Twelve is at the TARDIS console and fiddles with the controls.

TWELVE
November 8th, 2016. Doctor, will you set the
spatial coordinates?

FOUR jumps to the console.

FOUR
Where in Florida specifically would you like to go?

CLARA
Maybe Miami Beach? Work on our tan?

All three look at her quizzically.

CLARA
None of you are really interested in working on
a tan, are you?

They all shake their heads "no".

ROMANA
Is one area of Florida easier to deal with
than others? I thought it was all pretty
much Crazytown.

TWELVE
Let's do Orlando. Big fan of Orlando.

FOUR
And then we can go to Disney World after?!

TWELVE
Absolutely not.

FOUR
(to Romana)
We'll go to Disney World after.

TWELVE
Are you going to set those coordinates?

FOUR
Right.

As the TARDIS takes off, Clara approaches Romana.

CLARA
I'm Clara, by the way.

ROMANA
Romana. Pleasure to meet you!

CLARA
I'm so happy you're here. The Doctor seems to go out of his way to remind me that he's an advanced species and make me feel stupid and...useless.

ROMANA
Sorry for the confusion. I'm a Time Lady. From Gallifrey, just like them. I'm smarter than both of them. Perhaps even put together!

CLARA
So...I'm the only one from Earth here.

ROMANA
But that shouldn't make you feel useless!
Human beings are such a fascinating species,
and full of limitless potential.

CLARA
...yeah?

ROMANA
Absolutely. I've seen the brightest and bravest from Earth colonize planets millions of light years from here.

CLARA
That IS pretty inspiring.

ROMANA
Yes! Now perhaps...you could get us some tea?

Clara's look of hope turns to disappointment.

FOUR
No time for tea!

We hear the familiar sound of the TARDIS materializing.

TWELVE
I think the best thing is to go door to door. We've landed in a middle-class neighborhood. Clara and I will head East, you two can head West. We'll meet back at the TARDIS and compare notes.

FOUR
Why are WE going West?

TWELVE
(exasperated)
Is there really a difference?

FOUR
Well...I'd just like to be involved in the decision-making process.

TWELVE
It's all yours – pick a direction!

Four thinks about it.

FOUR
We'll go West.

ROMANA
We'll go West.

We hear the sound of the Star Trek "transporter" in effect. From offstage come Captain Kirk and Mr. Spock.

FOUR
Delightful! (to SPOCK) Would you
like a Jelly Baby?

Spock accepts the treat and examines it.

MR. SPOCK
"Jelly Baby". Curious name for a
confectionary treat. Do you deride pleasure
by pretending to consume - an infant?

FOUR thinks about it and responds.

FOUR
(all smiles)
...yes.

Spock tries his Jelly Baby and nonverbally approves as only he can.

KIRK
(full Shatner mode)
There's something you need to know.

TWELVE
We know.

KIRK
No, this is about your future.

TWELVE
WE KNOW.

KIRK
I don't think you do. You're
on the verge of electing Donald Trump
as President. This - needs to change!

TWELVE
We're doing it! We're fixing it right now - we
don't need your help!

FOUR
We're Time Lords, you see.

ROMANA
Well, most of us.

Clara gives up.

FOUR

We're going to convince the people of Florida
that voting for Trump is not in their best interests.

TWELVE

You shouldn't be here. What about the
Prime Directive? DO NOT INTERFERE.

SPOCK

This goes beyond the realm of Earth. The
election of Trump has interplanetary consequences.

KIRK

Plus, I want to see his hair in real life.
I mean – it can't possibly be real, right guys?

ALL turn to Kirk, who side-eyes uncomfortably.

KIRK

All right. If you say you've got this,
I'll take your word on it.

(to Spock)

Let's go over there [points offstage] and
beam back to the Enterprise.

SPOCK

Should we not just transport from here?

KIRK

No...let's do it over there.

All watch as Kirk and Spock walk off stage. As soon as they're out of sight, we hear
the transporter sound.

ROMANA

That's an impressive form of travel.

CLARA

A VERY cool effect.

TWELVE

Can we get back on track here? We're going door to door to dissuade people from voting Trump.

CLARA

Put on your best faces and reasonably remind them that the Presidency is much different and more important than a reality show.

TWELVE

You're suggesting that speaking calmly and laying out a point of view is the best way to get your message across?

CLARA

Yes!

TWELVE

NO! This is 2016! The calm and collected voices get drowned out by the rhetoric.

FOUR

Is it really that bad?

TWELVE

Do you know who Ann Coulter is?

CLARA

Yes.

FOUR and ROMANA

No.

TWELVE

Well, you will. Because she says insane things like, "We should invade their countries, kill their leaders, and convert them to Christianity." And it creates outcry. So "news" programs will put her on a panel, knowing that people will tune in to hear the crazy things she's going to say. Ben Carson compared refugees to wild dogs. Sarah Palin, Al Sharpton, Donald Trump himself!

THE GUITAR FROM "SHOUT AT THE DEVIL" BEGINS...AFTER TWO RIFFS, TWELVE CONTINUES –

TWELVE

If you really want to make an impact –

ANOTHER RIFF –

TWELVE

On the average American citizen.

ANOTHER RIFF –

TWELVE

You have to strike FEAR into their hearts.

THE MUSIC CONTINUES, AND THE GROUP BEGINS TO SING ALONG.

CLARA, FOUR, ROMANA
Trump, Trump, Trump

TWELVE

You have to tell them –

CLARA, FOUR, ROMANA
Trump, Trump, Trump

TWELVE

That TRUMP IS THE DEVIL.

They split into their groups. First, Clara and Twelve approach the door on the left of the stage and knock on it. The average Florida citizen opens and briefly listen.

"Trump is The Devil"

TWELVE

He's the worst candidate that there's ever been
He's got pudding for a brain

CLARA

He puts fear in your eyes
Don't be tempted by his lies
He'll put a knife in your back
He's fake

The resident closes the door as Twelve and Clara quickly step off stage, while Four and Romana approach and knock on the other door, which opens with a new tenant just as Four begins his next line.

FOUR

He's the dark side of life
With very tiny hands
And I heard he was born in France

ROMANA

But in the voting booth
You need to know the truth
About the Donald

ALL

TRUMP – TRUMP – TRUMP
Trump is the devil
TRUMP – TRUMP – TRUMP

Four and Romana jump off, just as Twelve and Clara approach and knock again. The door opens to a KKK member suited up. The music stops. Twelve was getting ready to sing, but is stopped in his tracks. Clara is understandably horrified.

TWELVE

You're voting for Trump, aren't you?

The hooded figure nods.

TWELVE

There is literally nothing we can say to
change your mind, is there?

The hooded figure shakes their head "no".

TWELVE

There is...SO MUCH wrong here.
You're a bad person. You can close
the door.

All four meet up center stage, defeated.

FOUR

They really like this Donald Trump person.

ROMANA

We need to take a new approach.

TWELVE

What've you got?

ROMANA

I think we should approach Trump
himself.

TWELVE

Oh, just tell the biggest egomaniac
on the planet to stop being President?

ROMANA

I think we could probably learn more
by actually being around him.

CLARA

It won't be easy. He has Secret
Service protection.

FOUR

We can materialize the TARDIS
in the green room at one of his campaign
events.

TWELVE

...where is he now? Look up his schedule.

They crowd around Clara's phone. As they do, SOME GUY comes out walking around
staring at his phone. He goes through the audience frantically. After a few moments
of audience-related silliness, he makes his way across the stage.

SOME GUY

Whoa! I found a -

He freezes and we hear the Quantum Leap "leaping" sound effect. When the effect
finishes, he stops and looks about in confusion. He looks at the phone.

SAM

What the hell's a "Pikachu"?

From offstage comes Al, with a crazy jacket and holding his handlink.

AL

Whoa, Sam! That's a rare find!

SAM

Where am I now? What am I doing here?

Al hits the handlink on the side and gets the result.

AL

Ziggy says that there's a 94 percent chance
That you're here to stop the election to President
of one Donald J. Trump.

SAM

Oh, boy.

AL

Apparently in the original timeline, he doesn't
even get the nomination, much less win the whole thing.

SAM

(almost to himself)

Stop Donald Trump from being President...

Twelve's ears pick up. He's tired of being nagged.

TWELVE

We're doing it! We're finding out where
he is RIGHT NOW. Bugger off and leave us alone!

Sam bustles off stage. Nobody else can see Al, who lingers for a moment assessing
the Who crew before leaving himself. Meanwhile, Clara has found Trump's location.

CLARA

Found it! He's giving the last speech intended to
persuade undecideds tonight at the Four Seasons
in Orlando.

FOUR

Disney World is in Orlando!

TWELVE

Watch it! We're off.

They run off stage towards the TARDIS and the lights go out as "Icky Thump" begins
to blare. They come back up to see Donald Trump in a hero stance, and he sings his
entrance.

"Icky Trump"

I'm here

Donald Trump

Listen, chump

I'll build a wall between us and Mexico.

To be fair
Won't matter
Cuz the world's
Gonna' splatter
Get my hands on the nuclear codes

Loser Paul Ryan
Looking dead
Came and said
"Could you please
stay in the zone?"

Said
"gimme a break pal,
gonna say what I feel
Now gimme the microphone."

The song ends and Donald takes charge. One assistant puts his iPad in his waiting hand, then stands with the others balanced at attention across on either side of the room.

TRUMP
Where's my speech writer?

His speech writer runs up to him.

SPEECHWRITER
Right here, sir.

TRUMP
What's with all these big words?

SPEECHWRITER
...sir?

TRUMP
Right here you've written "immeasurable".
Why didn't you just put "huge"?

SPEECHWRITER
Sir, the word "huge" appears 41 times in
this speech already.

TRUMP

Now it's 42. Fix it. And there's a lot of other words that aren't needed because the other words already said those other words but smaller.

SPEECHWRITER

You think I'm being too grandiose and redundant?

TRUMP

NO, they're just not needed because the other words already said those other words but smaller.

The Speechwriter gives up.

SPEECHWRITER

...all right.

TRUMP

And another thing: I don't like the font you used on yesterday's speech. I'm only going to pay you 20 percent of our agreement.

SPEECHWRITER

20 percent?

TRUMP

The font was too curvy. I didn't like it. It was disgusting. I only pay for top quality fonts.

SPEECHWRITER

If you don't like the font, tell me and I can change it. It literally takes five seconds.

TRUMP

20 percent. Fix the speech. Now where's my campaign manager?

SPEECHWRITER

I'll have these changes done and loaded into the teleprompter.

The Speechwriter walks off as the Campaign Manager steps in.

CAMPAIGN MANAGER

Yes, Mr. Trump?

TRUMP

How are the numbers from last night in Cleveland?

CAMPAIGN MANAGER

As you may recall, some of us were concerned when you went off script and described a Four Star General as “ A weak-kneed little man who probably has a tiny penis, unlike mine which is very huge, but not uncomfortably huge. I also believe he’s a pervert. I have some people looking into that and we’re finding out very interesting information that I will disclose when the time is right.”

TRUMP

Yes, yes.

CAMPAIGN MANAGER

And later when you described Mother Theresa as, “An old broad who was never hot. You know – you can look up pictures of Mother Theresa when she was young and she was NEVER hot. There is no period in her life where I would have sex with her.”

TRUMP

That’s some of my best stuff!

CAMPAIGN MANAGER

Well...you may be right. The numbers are up. They loved it. It seems there is nothing you can say of which your supporters will disapprove.

TRUMP

Excellent. Now leave me alone, I need to mentally prepare for the final speech.

CAMPAIGN MANAGER

Yes, sir.

TRUMP

And make the Speechwriter put back in the part about Jennifer Aniston begging me to let her perform fellatio.

The Campaign Manager sighs and let's out a reluctant –

CAMPAIGN MANAGER
Yes, sir. You're expected out there
in about five minutes.

The campaign manager leaves and Trump begins to laugh to himself.

TRUMP
You can come out, now.

Trump turns around and sees our four heroes stepping out from the shadows.

FOUR
Mr. Trump, it's time to end this.

TRUMP
There's nothing you can do, Doctor.

TWELVE
You know who he is?
Do you know who I am?

TRUMP
Killing you once was never enough for me, Doctor.
How gratifying to do it two times over.

ROMANA
You're...you're The Master!

TRUMPMASTER
Romanadvoratrelundar...
Why did you ever start traveling with
The Doctor? You should have...
You should have been hanging out
with me.

CLARA
Wait – so Donald Trump is actually The
Master – who (by the way) is a man?

TRUMPMASTER
What...uh...what's so strange about
me being a man?

TWELVE

(hastily changing the subject)
Have you been Donald Trump all along?
Or did you just take over his body?

TRUMPMASTER

Donald J. Trump was a real man.
You and I had a skirmish on New Year's
Eve, bringing in the year 2000 on this
miserable planet, after which your
TARDIS unceremoniously dumped me
here – specifically in New York.
I was physically traumatized, and in desperate
need of a new form. Having just taken over the
body of a paramedic, I wanted a bit of an upgrade,
so I did my research and tracked down a man
known for his extravagant wealth and took
him over.

CLARA

So...the real Donald Trump is...dead?

TRUMPMASTER

Yes.

TWELVE

(could care less)
That's too bad. So, you're trying to take over
the world.

TRUMPMASTER

Trying, Doctor? My coronation
is at hand. Those loyal to me
will be rewarded, while all else
will be crushed under my iron grip.

FOUR

The more things change, eh?

ROMANA

But you're brilliant! Why have you taken
on the personality of a...very, very stupid person?

TRUMPMASTER

Um...America doesn't...like...smart people.
Paul Blart: Mall Cop had a sequel and it made over
\$100 million dollars. Al Gore lost the election in
2000 simply because he was a nerd, while W was
the cool and popular, yet not terribly bright guy.

CLARA

Didn't Gore actually –

TRUMPMASTER

They don't want wishy-washy considering
of facts and other points of view! They want
somebody who tells them how they feel, and
passionately – right or wrong.

FOUR

As a scientist, this has to bother you
at some level?

TRUMPMASTER

I will admit – sometimes when I go
into “Trump Zone”, I kind of get swallowed
up by it. I feel...dumber. But after the election
I'll bring out the true... MASTER.

TWELVE

We'll stop you. We'll expose you.

TRUMPMASTER

You'll expose me as an alien who
took over a human's body? I don't think so.

ROMANA

That's where you're wrong! Because Clara
has been recording this conversation on her
phone the entire time!

All eyes to Clara.

CLARA

That would have been a really good idea.

ROMANA

(utter disappointment)

Oh, Clara.

FOUR

We'll find a way to show everybody
just how much of a madman you are!

TRUMPMASTER

Really? Last week I intentionally tripped
a 12 year old child training for the Special Olympics.
I had a dog euthanized for looking at me
too aggressively. THESE PEOPLE LOVE ME.
There's NOTHING that I can say, or that can be said
about me, that can stop me now. GUARDS!

Two guards enter.

TRUMPMASTER

I am about to seal the deal with any
Americans who have not made up
their minds as of yet. This is a history
making moment, Doctors.
(to the guards)
If any of them try to leave this room –
kill them.

TRUMPMASTER starts to leave, but is stopped by Guard 1.

GUARD 1

I'm sorry...KILL them?

GUARD 2

Yeah, that seems a bit extreme
just for leaving a room.

TRUMPMASTER

Are you two new?

GUARD 1

Yeah, we just started this week.

TRUMPMASTER

We should have gone over this before.
Come here.

TRUMPMASTER positions them together and does his old hypnosis trick.

TRUMPMASTER
I am The Master, and you will obey me.
YOU WILL OBEY ME.
YOU. WILL. OBEY. ME.

GUARD 2
Makes sense to me.

GUARD 1
If they try to leave, we'll kill 'em dead.

GUARD 2
Big time.
(to our heroes)
We're watching you.

TRUMPMASTER
Good. Excellent.

TRUMPMASTER leaves. TWELVE immediately approaches the guards.

TWELVE
You're telling me that if I walk through
that door, you're going to kill me?

Guard 1 pulls out his gun and aims it at Twelve – gangster style, pretending to shoot him.

GUARD 1
Pop! Pop!

TWELVE
But that's illegal – even in America!

GUARD 2
You sound like that total Socialist pig,
Bernie Sanders.

TWELVE
Can you describe Democratic Socialism?

Guard 2 is unsure, but carries the torch.

GUARD 2

Well...as I mentioned, they're pigs.
Aaaaaaaand...I don't have to prove myself
to you.

TWELVE returns to the gang, as the two guards mime casually talking to each other.

TWELVE

We're not getting through that door.

FOUR

We have to stop him from giving that speech!

O FORTUNA begins to play as on the other side of the stage as Trump approaches his podium. He is met with great applause.

TRUMPMASTER

People of Earth, (laughing to himself at
his mistake) I'm always doing that! People of America, we
are at a crossroads right now, and you have been
given the opportunity to vote for me, the smartest
and most qualified candidate to ever become President,
who also has normal-sized hands.

Massive applause as we return to the gang.

CLARA

What if we could change his speech somehow?

TWELVE

What do you mean?

CLARA

Does he use a teleprompter?

FOUR

No.

TWELVE

Yes.

FOUR

Sorry, old chap, but I've seen Trump,
or The Master, whatever, making fun of
politicians for using teleprompters.

TWELVE

He said something one day, then did the
opposite the next. What do you want
me to say? He uses teleprompters.

FOUR

That's so hypocritical.

ROMANA

We don't have time for bickering!
He uses teleprompters. What of it?

CLARA

If you can open up his iPad, I can change his speech
and you can send my version to his teleprompter!

FOUR

What will you say?

CLARA

I've got an idea.

On their side of the stage, the gang starts the plan. On the other side,
TRUMPMASTER continues his speech.

TRUMPMASTER

A lot of protesters out there. I look at them,
and they're just sad. Abusing the first amendment
like that in order to say hurtful things about me.
And I tell you, yes, it's hurtful. But they're the ones
who are going to be hurting when I become
President of the United States.

More massive cheers.

TWELVE

He doesn't do long speeches. You're
going to have to speed up!

CLARA

Finished!

Just as O, Fortuna hits the climax, Twelve zaps the iPad with his sonic, then
dramatically spins the sonic in the direction of Trump's teleprompter. The songs
ends, and he continues his speech.

TRUMPMASTER

We're going to bring home the Presidency, much like LeBron James –KING LeBron – is going to bring Miami the NBA championship this season. I've been following this guy, and I really do think he's the best in the world.

Three seconds of crickets, followed by massive BOOS. Trump is confused.

TRUMPMASTER

No, believe me. Some people are saying that he isn't that great, but they're wrong.

More BOOS. Trump is confused and decides to wrap it up quickly.

TRUMPMASTER

Trump for President, thank you.

He leaves to the back. Over in the office with our heroes, the two guards are murmuring to each other.

TRUMPMASTER barges in and is stopped by his two guards.

TRUMPMASTER

What exactly is the problem here?

GUARD 1

Well, look at this piece of shit.

TRUMPMASTER

EXCUSE ME?!

GUARD 2

Lebron James went back to Cleveland two years ago. You said you've been following him.

GUARD 1

I was going to vote for you. Turns out you're a lying sack of shit!

GUARD 2

Hey Donald Trump – GO FUCK YOURSELF.

The two guards exit, leaving TRUMPMASTER sulking.

TWELVE

Right now, the entire state of Florida is having
that exact reaction.

FOUR

The only thing Americans seem to
truly care about...

CLARA

Sports!

TWELVE

Clara, I didn't know you followed
professional basketball?

CLARA

I follow LeBron James!
Yyyummy.

ROMANA

All we needed was one vote, one person
to change their mind. But now you, Clara,
you've influenced hundreds of thousands. Perhaps
millions. You've...you've saved the planet.

CLARA

Glad I could help.

ROMANA

Now I really, really could use a
cup of tea.

FOUR

Oooh, is somebody getting together a tea
order? I'll take milk and twelve sugars, please.

The Master is miserable.

THE MASTER

EVERY. TIME. I was right at the
cusp of global domination, and once
again I've had it snatched from me at
the last moment.

TWELVE

Your head got too big, Master. Even for you. You could have continued to collect millions from terrible reality shows, but it just wasn't enough.

THE MASTER

Enjoy this, Doctors. Take this all in, because I WILL be back. The next time you see me, I'll be the most powerful man in the galaxy!

The Master runs off.

TWELVE

He is so incorrect, he has no idea.

CLARA

We did it!

FOUR

Oh, did we?

ROMANA

Well, yes. We beat The Master and the Earth is safe!

FOUR

We may have defeated The Master as Donald Trump, but he's traveled across the country giving speeches filled with xenophobic, racist, and misogynistic venom, and he had thousands of people cheering every vile word at every stop.

TWELVE

Trump became a figurehead for a very real segment of this country that we pretend doesn't exist.

CLARA

So...so what do we do?

FOUR

I think it's very important that we go to Disney World.

TWELVE
Again with the Disney World?

FOUR
Life is about balance, my good man.
We just dealt with evil. We need to experience
some purity and joy, then we can jump back
into defeating the nefarious villains of
the universe.

Clara turns to Twelve.

CLARA
Doctor...I've never been to Disney World.

Twelve lets it sit in, then lets out a begrudging –

TWELVE
Fine. We've earned it.

They run to the back as “Holiday Road” from the Vacation movies begins to play. We get a montage of pics of the gang at Disney World playing on the screen, which eventually still frames and fades to black.
